

Says

What have we heard them say?
What can we imagine them saying?

Thinks

What are their wants, needs, hopes, and dreams?
What other thoughts might influence their behavior?

Quite selection of content and Accessibility.

You tube is a free video sharing website.

It is free and ease to use for children and old people.

It is originally created in 2005.

You tube is now one of the most popular sites on the web.

YOU TUBE is a video-sharing platform that needs no introduction.

We will talk more about this in our lesson on using parental control.

Some video formats are defined but no holistic strategy yet.

There are tools you can use, such as safety mode.

It is important to note that not at all YOU TUBE videos are appropriate.

Create captions and subtitles for the videos.

Create video scripts on any topic you like.

Free of cost service.

Easy to use the service.

Can connect with a wide audience.

You tube as a information disseminating platform for students.

Environmental and social sustainability.

You tube's user-friendliness.

Easy Earning is at the very top of the list of YouTube benefits for vloggers.

Not all videos create professional.

Does

What behavior have we observed?
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?
What other feelings might influence their behavior?
